

## STUDENT MANANMENT – CS FEEDBACK

1. If the institution has no expiry date set on super admin, on log in, this error message shows.

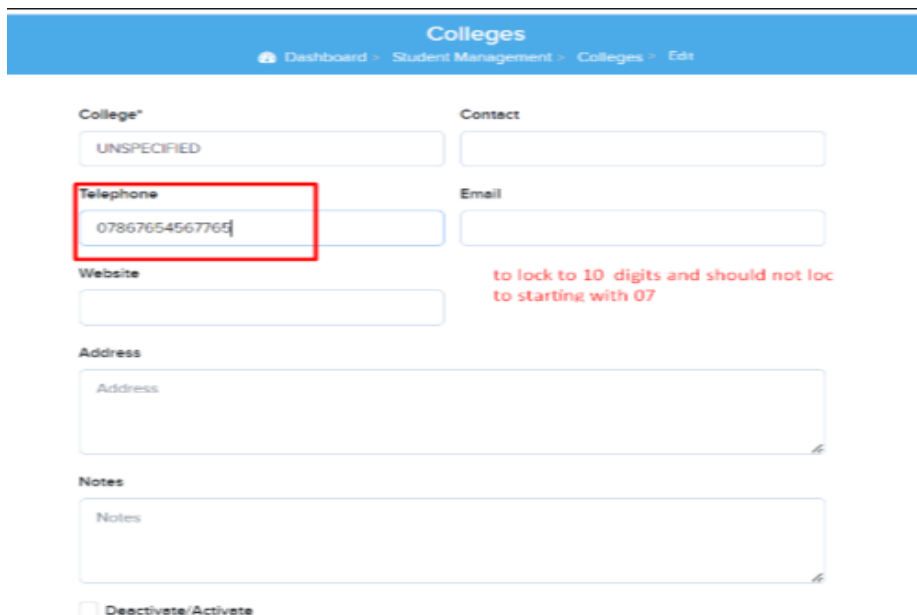

See snip:

**NB** – For institutions with expiry date set, it is working well.

2. For telephone/mobile numbers with a Kenyan country code, the number should be limited to a maximum of 10 digits. However, if the country code corresponds to a different country, no such restriction should apply.

See snip:

A screenshot of a web application form titled "Colleges". The form has a blue header with the title and a breadcrumb trail: "Dashboard > Student Management > Colleges > Edit". The form fields include: "College\*" (value: UNSPECIFIED), "Contact" (empty), "Telephone" (value: 07867654567765, highlighted with a red box), "Email" (empty), "Website" (empty), "Address" (empty), and "Notes" (empty). A red text annotation next to the "Telephone" field reads: "to lock to 10 digits and should not lock to starting with 07". At the bottom, there is a checkbox labeled "Deactivate/Activate".

3. Add import feature for program which should have all the fields on add. On upload, validate that the programme name and programme code do not exist.

See snip:

### Programmes

- Rename all add buttons to read "Add" across student management. I.e. currently, on student register, it read "Add student".

See snip:

- Across student management and academics, change the import error message. message not clearly visible check on the background color and brightness.
